WARRANT FOR TOWN MEETING

STATE OF NEW HAMPSHIRE

Appropriations will begin at one o'clock sharp.

To the Inhabitants of the Town of Rollinsford, in the County of Strafford, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall in said Town, the eighth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

ART. 1. To bring in your ballots for Town Clerk, Town Treasurer, One Selectman and Overseer of the Poor for a term of three years, One Road Agent for one year and Chief of the Fire Department, one Selectman and Overseer of the Poor for a term of one year.

ART. 2. To choose all other necessary Town Officers for the ensuing year.

ART. 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

ART. 4. To see if the Town will vote to allow a discount of 2% on all taxes of the 1955 levy except poll taxes, paid on or before September 1st next.

ART. 5. To see if the voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

ART. 6. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

ART. 7. To see if the Town of Rollinsford will vote to accept the deed of continuance of Pinecrest Lane which is approximately 300 feet. The Deed to be presented at this meeting. (By Petition)

ART. 8. To see if the Town of Rollinsford will raise and appropriate the sum of $350.00 (Three hundred and Fifty Dollars) to grade surface and complete the continuance of this said Pinecrest Lane. (By Petition)

ART. 9. To see if (Because of New and expanding industries, The Jet Bomber Base, increasing population) the Town will join with other towns in the area instructing its Representatives to the General Court to call for a state water pollution Commission study program within the Piscataqua River Basin. (By Petition)

Given under our hands and seal this fourteenth (14) of February in the year of our Lord, Nineteen Hundred and Fifty-Five.

OVIDE R. VIEL,
EDWARD J. HUDON,
HAROLD J. PAGE,

Selectmen of Rollinsford.

A true Copy of Warrant Attest:

OVIDE R. VIEL,
EDWARD J. HUDON,
HAROLD J. PAGE,

Selectmen of Rollinsford.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

October 15, 1954

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Rollinsford for the fiscal years ended December 31, 1952, December 31, 1953, and the period from January 1st to June 14th, 1954, and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town and the results of operations for the fiscal years ended December 31, 1952 and December 31, 1953.

Respectfully submitted,

HAROLD G. FOWLER, *Director*

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

October 15, 1954

Board of Selectmen
Rollinsford, New Hampshire
Gentlemen:

Submitted herewith is the report of the biennial audit and examination of the accounts of the Town of Rollinsford which was made by this Division as requested by vote of the Town. This audit covered the fiscal years 1952 and 1953, and the period January 1st to June 14th, 1954. Exhibits as hereafter listed are included as part of the report which is made in three sections as follows:

Section I —Fiscal Year Ended December 31, 1952
Section II —Fiscal Year Ended December 31, 1953
Section III—Period January 1st to June 14th, 1954

SCOPE OF AUDIT

Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector and Town Clerk.

FINANCIAL STATEMENTS

Comparative Balance Sheets:

December 31, 1951—December 31, 1952 (Exhibit A-1)
December 31, 1952—December 31, 1953 (Exhibit E-1)

Comparative Balance Sheets as of the close of the fiscal years indicated above are presented in Exhibits A-1 and E-1, respectively. As indicated therein, the Surplus decreased by $1,721.75 in 1952 and $3,787.31 in 1953.

Analysis of Change in Financial Condition:

Fiscal Year Ended December 31, 1952 (Exhibit A-2)
Fiscal Year Ended December 31, 1953 (Exhibit E-2)

Statements presenting an analysis of the factors which affected the change in financial condition of the Town during the fiscal years ended December 31, 1952 and December 31, 1953, are included in Exhibits A-2 and E-2, respectively.

The decrease in Surplus during the year 1952, amounting to $1,721.75, was brought about as follows:

Decreases in Surplus

Net budget deficit	$ 1,941.31	
Increase in reserve for yield tax loss	562.67	
Decrease in cash in hands of offi'ls	.34	
		$ 2,504.32

Increases in Surplus

Long term note paid	$ 766.66	
Tax collector's excess credits	3.91	
Abatement of special $3.00 poll taxes charged to overlay	12.00	
		$ 782.57
Net Decrease		$ 1,721.75

The decrease in Surplus during 1953, of $3,787.31, resulted as follows:

Decrease in Surplus

Net budget deficit	$ 4,064.63

Increase in Surplus

Decrease in reserve for yield tax loss	277.32
Net Decrease	$ 3,787.31

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

Fiscal Year Ended Dec. 31, 1952 (Exhibits A-3 & A-4)
Fiscal Year Ended Dec. 31, 1953 (Exhibits E-3 & E-4)

In the fiscal year ended Dec. 31, 1952, a net overdraft of appropriations of $5,709.86, less a net revenue surplus of $3,768.55, resulted in a net budget deficit of $1,941.31.

In the year 1953, a net overdraft of appropriations of $6,847.69, less a net revenue surplus of $2,783.06 resulted in a net budget deficit of $4,064.63.

Summaries of Receipts and Expenditures:

Fiscal Year Ended December 31, 1952 (Exhibit B)
Fiscal Year Ended December 31, 1953 (Exhibit F)

Summaries of receipts and expenditures for the fiscal years ended December 31, 1952 and December 31, 1953, made up in accordance with the uniform classification of accounts, are included in Exhibits B and F, respectively. Proof of he Treasurer's balance, as of June 14, 1954, is shown in Exhibit J.

AUDIT PROCEDURE

The accounts and records of all town offijcials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statemens obtained from depository banks.

GENERAL COMMENTS

School Tax on Set-Off Property:

The matter of the procedure which should be followed in connection with the school tax on set-off property is again brought to your attention.

Certain properties in the Town of Rollinsford are set off into the City of Dover for school purposes. In 1953, the assessed valuation of the set-off property amounted to $68,500.00. When the school district rate is determined, the valuation of the set-off property is deducted from the total valuation of the Town, inasmuch as the school taxes on the set-off property are assessed and collected by the City of Dover. It has been the practise, however, for the Town of Rollinsford to assess both the Town and School taxes on the set-off property and subsequently to abate the school taxes thereon.

Actually *only the Town tax* should be assessed on the set-off property. This eliminates the necessity of making abatements of school taxes each year on this property as is now the case. In 1953, the abatements of such school taxes amounted to $2,364.55.

Road Agent's Payrolls:

It was noted that the Road Agent's payrolls were not signed by individual employees in every instance. It is important that the signature of each employee be obtained when payment is made in cash as this is the only evidence that the employee has been paid. If payment is made by Road Agent's checks, the cancelled checks should be attached to payrolls.

The recommended method is to issue a town order and check to each individual employee whose name appears on the Road Agent's payroll.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual Town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Rollinsford for their assistance during the course of the audit.

Very truly yours,

Harold G. Fowler, *Director*

Div. of Municipal Accounting
State Tax Commission

Herbert E. Hunt, *Auditor*

Robert W. Flanders, *Accountant*

REPORT of SUPERINTENDENT of SCHOOLS

To the School Board and Citizens of Rollinsford:

I, herewith, submit my annual report as your superintendent of schools. Again we have made steady progress throughout the year. This would be impossible without the whole-hearted cooperation of the School Board, teachers, parents, and pupils. During the 1953-54 school year we inaugurated an intelligence and achievement testing program in order to better provide individual and group guidance for your children. These tests were primarily used to determine a pupils mental capacity and how well his progress compared to this capacity. If we found that a pupil was below his grade level in a certain area, then emphasis was given in that area until he was on par. In the great majority of the learning areas we found that in comparing our pupils' achievement with those of the other schools in the nation, our pupils did considerably better. This, of course, means that our teachers are providing your children with a well-rounded education which will insure them success in the secondary and post-secondary schools. We are planning to continue this testing program each year so that we may continue to help each pupil.

You are fortunate to continue to have an able and experienced teaching staff. Besides regular professional staff meetings the following teachers completed additional educational courses in order to further improve their professional knowledge and ability:

Principal Lewis Hatfield

Public School Finance and Administration
Teaching of Elementary School Science

Ralph Steeves

Curriculum and Administrative Problems
Teaching and Elementary School Science

William Avery

Teaching of Elementary School Arithmetic
Study of Elementary School Curriculum

Edna Ordway

Teaching of the Elementary School Science

Teacher salaries in New Hampshire are still extremely low. Most of them find that it is an almost impossible task of living within their income. We urge and expect teachers to improve themselves professionally during their summer months which leaves them no opportunity to secure summer work to augment their income. Also attending summer school costs additional money. Rollinsford has been fortunate in retaining a good corp of teachers for many years and so the turn-over has been slight compared to most communities. They have made their homes in your community and it would be quite a sacrifice for them in friendships, family, and civic ties to move to another community in order to accept better paying positions. Many times teachers who are fresh out of college and with no experience are receiving a higher salary than we pay to teachers with many years of experience.

The School Board adopted a policy this year which will permit a greater use of the school facilities by the community. As a result, many citizens visited the school for the first time and were pleasantly surprised by the excellent condition in which they found the building. Your School Board has followed the wise policy of making annual minor repairs and periodic replacements. We feel that we save money by following this course.

The statistics and the various reports in the succeeding pages will go into greater detail in presenting to you an over-all picture of our school.

I sincerely appreciate the fine cooperation I have received during the past year in carrying on my administrative duties.

Respectfully submitted,

ARTHUR E. TOLL,
Superintendent of Schools.

SCHOOL CENSUS AS OF SEPTEMBER, 1954

Age of children as of Sept., 1954	Boys	Girls	Total		Boys	Girls	Total

REPORT OF SCHOOL PRINCIPAL

To: The Superintendent of Schools,
The Rollinsford School Board,
The Citizens of the Town of Rollinford, N. H.

It is again that time of year when, according to custom, I have the opportunity to submit to you for your consideration a report of the activities of the Rollinsford Grade School. It is with pleasure that the following report is herewith submitted covering the period for January 1, 1954 through January 1, 1955.

The month of September each year witnesses the opening of the public schools. Every school from the most obscure one-room building to the most famous university with its scores of buildings and hundreds of teachers to accommodate its needs is open to carry on the great process of education. These doors are open in our country to all on equal terms; to the rich and the poor, to the white and the black they offer equal opportunity to pursue a course of preparation for any calling. This preparation we recognize as indispensable to self-support and good citizenship.

The school performs a useful and fundamental work, but it cannot do magical things. It is not possible for it to reach every desirable need. Whatever it accomplishes must be done in the same manner that all other work of the world is done: by persistent labor. There is nothing in school which can be accomplished by magical methods.

It is impossible for the teacher to accomplish extraordinary things in school because of the wide-spread differences between his pupils. The various inequalities found in the school are largely beyond the teacher's control. The teacher must work with all classes and conditions.

The problem of the school is to reach every individual if possible. In order to find a solution for this problem, emphasis has been placed to a very large degree upon the following ideas:

(1) Setting high standards of scholastic ideals.
(2) Using various contests employing group rivalry.
(3) Noting failures, diagnosing them, and applying remedial treatment.
(4) Offering recognition for greatest progress.
(5) Stimulating the idea of surpassing one's own best record.
(6) Exhibitions of the best efforts of individual pupils.

Two major objectives of instruction as carried on in the school may be summed up as follows:

(1) To get to know thoroughly each individual pupil as a total functioning person—his aptitudes, capabilities, interests, ambitions, school needs, psychological dynamics, and such other information and data about each that can be acquired and used for his advantage.
(2) To help each pupil understand himself thoroughly so that his plans and choices will include his new definitions of himself as a total person with specific aptitudes, interests, limitations and goals.

Many devices have been used throughout the past year by all of the teachers of the building in order to obtain the information that is necessary to resolve the objectives outlined above. Among those employed are to be found:

(a) Group guidance
(b) Individual guidance
(c) Diagnostic tests in subject matter
(d) Standard group intelligence tests
(e) Standard group achievement tests
(f) Individual work

(g) Individual conferences
(h) Supplementary work
(i) Remedial work

FACULTY

During this past year, there have been no major changes in the faculty of the Rollinsford Grade School. This year, however, has seen the addition of Mr. William Elwell as an additional instructor in music. Mr. Elwell comes to us from the neighboring city of Somersworth, where he has been Supervisor of Music in all of the public schools of the city. During the time that he has been on the faculty of this school, he has developed the core of a future school band by giving weekly instruction to various members of the school in the playing of a variety of band instruments. He has also had charge of the classroom instruction and group chorus work in Grades 6-7-8.

SCHOOL CALENDAR 1955-1956 — Union 56

Schools open Tuesday, Sept. 6, 1955 (for teachers only)
Session Days:

Tuesday, Sept. 6—Thursday, Dec. 22	74 days
Monday, Jan. 2—Friday, Feb. 17	35 days
Monday, Feb. 27—Friday, April 20	39 days
Monday, April 30—Friday, June 15	34 days
	182 days

No School Days

September 6—Teacher Workshop
October 12—Columbus Day—Somersworth & Rollinsford
October Teacher Convention
November 11—Armistice Day
November 24 and 25—Thanksgiving Holidays
One session on Wednesday, Nov. 23
March 30—Good Friday
May 30—Memorial Day

The following Faculty Data Table may be helpful in presenting information about the individual members of the faculty.

FACULTY DATA TABLE

ENROLLMENT

The Rollinsford Grade School opened its Fall Session this year on Tuesday, September 7, 1954, with an enrollment that is shown on the following data table:

ENROLLMENT DATA TABLE

Teacher	Gr.	No. of Pupils Per Teacher	No. Boys	No. Girls	Totals
Anne Brown	1	16	6	10	16
Bernice Doherty	2	26	13	13	26
Edna Ordway	3	17	9	8	17
Edna Ordway	4	15	8	7	15
William Avery	5	18	8	10	18
William Avery	6	18	8	10	18
Ralph Steeves	6	18	8	10	18
Ralph Steeves	7	11	9	2	11
Ralph Steeves	8	12	6	6	12
Lewis W. Hatfield	6	18	8	10	18
Lewis W. Hatfield	7	11	9	2	11
Lewis W. Hatfield	8	12	6	6	12
Totals		133	67	66	133

The totals reflected in the above tabulation gives the exact number of enrolees of the school. However, in order to present the true distribution of the numbers of children, the above table was worked out. It has been necessary during the past year for the teachers of the seventh and the eighth grades to take over some of the classes of the sixth grade teacher. This has been necessary because of the small pupil load that is to be found in grades seven and eight. This light load has been due to the number of

pupils formerly in these grades who have moved out of town. The large number of pupils to be found in the fifth and sixth grades is due to the natural birth rate of the town augmented by the increase due to transfers from other towns.

Services

This section of the principal's report will deal generally with the special services rendered by the school to the pupils. One of the more important of these services concerns itself with the physical health and well-being of the pupils of the school.

The following is a summary of the nurse's findings as a result of physical examinations of the children for the school year 1953-1954.

Communicable Diseases

Measles	5
Chicken pox	16
Whooping cough	5
Mumps	24
Lice (Head)	0
Impetigo	2
Scarlet Fever	1
Influenza	20
Common Colds	93
Accidents	0
Scabies	1

The Massachusetts Vision Test was given to 152 pupils. There were five pupils discovered with defective vision. Notices were sent home to the parents warning them that a condition of the eyes was present that warranted further examination and treatment by a qualified eye man of the parents' own choice.

As a result of these warnings three of the children have been fitted with corrective glasses.

A hearing test, employing a standard audiometer, was given to the 86 pupils of grades 4-5-6-7-8.

Findings:

For further study	3
Correction	1

The physical examinations showed that six children had diseased and enlarged tonsils. Conferences with the parents resulted in the removal of tonsils and adenoids of four pupils.

Examination of teeth

Findings: 15 pupils with very badly decayed teeth
Corrections: 10 pupils

First aid was given to 30 pupils during school hours for minor injuries.

Physical examinations were given to the pupils of grades 1-4 by Dr. John Murphy, the school physician. Total number of examinations was 88.

Scalp examinations by the school nurse were given to all pupils (152). Method used was the Woods' Lamp. All children were found to be free of Scalp Ringworm.

Polio vaccination was given to 14 pupils (Second Grade) from the Rollinsford Grade School and six pupils from St. Mary's Parochial School. This vaccine developed by Dr. Jonas Salk of the National Polio Foundation was given in a series of three innoculations.

All children were transported in the school bus to Somersworth, through the generosity of Mr. Armand Letarte, where the innoculations were given. Each class was accompanied by its teacher.

A Pre-school Clinic for vaccination against small-pox was held June 12, with 12 children vaccinated by Dr. John Murphy.

Two pupils were vaccinated in January, 1954.

In conclusion may I offer thanks and appreciation to Mr. Hatfield, principal, Mr. Toll, the Superintendent, and the members of the teaching staff for their kindness and help; and also to the parents for their help and cooperation given me during the school year as a part-time School Nurse.

Respectfully submitted,

ARLINE G. STOCKDALE, R. N.

Music Program

Music in the Rollinsford Grade School includes singing, dancing, eurhythmics, rhythm band, music appreciation, and instrumental music.

In grade one, most music is present in units correlated with other work done in class. At least one rhythmic activity is presented each week in the form of dancing, rhythm band or musical games. The child is encouraged to create his own activity to many songs.

The second grade music is also correlated into units being studied, with additional instructions of basic music reading fundamentals. More advanced rhythm band work is accomplished at this grade level and the easiest dance steps are learned. This work is developed more in grades three and four. Some work is also done in folk and square dancing.

Grades five, six, seven, and eight are combined for a weekly chorus rehearsal in the auditorium. From this group a glee club was selected which also rehearses once a week. Work has been started on music for graduation.

In addition to the choral work, there are seven students receiving instruction from Mr. Elwell on clarinet and trumpet. Because of lack of instrumentation in their own

school, Mr. Elwell will bring these seven students to Somersworth once a week to play in the school band. In this way, they will be able to apply the knowledge learned in a large group.

WILLIAM E. ELWELL,
LILLIAN G. ELWELL,

Music Supervisors.

Home Economics and Manual Training

Another phase of school training that comes under the heading of services is that of the two departments that are headed Home Economics and Manual Training.

The Home Economics Department under the supervision of Mrs. Martha Evans provides an opportunity for the girls of the seventh and eighth grades to gain some knowledge of home management through specific problems in both the cooking and sewing fields. Problems of personal hygiene, personal grooming, clothing selection, and color selection and harmony are presented to the group, and are solved through group discussion and consultation.

Mr. Ralph Steeves, the current teacher of grades six, seven, and eight is also the instructor of the shop program. In this program we have as the objectives to be attained by the boys

(1) Knowledge of the handling of the basic tools of carpentry

(2) Application of this knowledge in the solving of of some of the problems of home maintenance and repair

(3) Fundamental knowledge of electrical and plumbing problems that may be encountered in the home

The knowledges and skills that are acquired are put to good use through the repair and maintenance of school property.

Both of these programs are allotted a full afternoon of three hours per week.

Physical Education

As in previous years, the physical education program is being carried on in the Rollinsford Grade School by all of the teachers in all of the classrooms. Much of the time is spent by employing group games for the development of cooperation and team work. Much of the program centers about the masering of individual skills, rhythmics and enjoyment of group calisthenic work.

During the past year we had two student teachers from the University of New Hampshire who devoted two days per week to the physical instruction of the pupils of the grades. During the time that the student teachers were with us, they were both under the direct supervision of Miss Barbara Newman, head of the Physical Education Department of the University, as well as the supervision of the principal.

School Lunch Program

This department of the school is under the efficient and capable direction of Mrs. Edward Bureau, who serves as both dietician and cook. Mrs. Bureau is aided in her daily preparation of the meals as well as in the serving of these by Mr. Edward Bureau.

A typical lunch for each day of the school year consists of the following:

(1) A hot dish, made up of one of the following meats:
   (a) Beef, pork, lamb, chicken, turkey, fish
   (b) Potato, rice, noodles, macaroni, spaghetti
   (c) Vegetables, according to the season, both fresh and canned.

(2) A sandwich of some variety

(3) A dessert of some variety
Cake, cookies, pie, ice cream, fruits, etc.

(4) A bottle of Pasteurized milk

The cost of the lunch that is served has not changed since last year and still remains the same at $ .25.

The following is the summary of the Rollinsford Grade School lunch program for the year 1953-1954.

RECEIPTS

Cash on hand	$	570.41
Lunch sales (children)		2,853.88
Lunch sales (adults)		284.37
Misc. cash contributions		80.22
(Fed. Government reimbursed the district)		485.74
Total	$	4,274.62

EXPENDITURES

Food	$	3,210.36
Labor		96.00
Equipment		95.67
All other		152.83
Total	$	3,554.86
Cash bal. June 30, 1954		719.76
Actual cost to district	$	1,152.00

Maintenance

It is with pleasure that I am able to report to you that the building as a whole is in a good state of repair. I have been the recipient of many compliments that in truth belong to the town. Many visitors have spoken to me and stated that the building for its age has withstood the ravages of time exceedingly well.

However, there are still some things that should receive attention during the coming year.

I recommend that the two classrooms downstairs be given a new coat of paint.

I recommend that the drives around the school be given another coat of tar.

I recommend that the ceiling in the auditorium be given attention and that the fallen tiles be replaced.

I recommend that the outside doors be given another coat of green paint.

I recommend that snow guards be installed over the front door and along the sides of the auditorium to prevent snow slides from striking children.

I recommend that the crack in the east foundation be filled and made water tight.

Acknowledgements

I wish to take this opportunity to thank the townspeople for their interest as shown by their attendance of the Annual open house that is held at the school during American Education Week.

I would like to acknowledge with thanks the following gifts that have been received by the school during the past year.

To Mrs. Fred Green for her donation of 50 books for addition to the room libraries for the general enjoyment of reading.

To Mr. Fred Green for his much appreciated gifts of display cases and stands that have been much used and enjoyed by the various classes.

To the Martel-Roberge Post, American Legion for its students of this school and their presentation of medals and scrolls in recognition of this achievement. Also for their donation that added again so much pleasure and enjoyment to the Christmas Party.

Conclusion

In conclusion may I offer the thanks and appreciation of the faculty and staff of the Rollinsford Grade School to the Superintendent, the Members of the School Board, and the Citizens of the Town of Rollinsford for their help and understanding in a cooperative venture to make this school the kind that serves a community well.

Respectfully submitted,

LEWIS W. HATFIELD,

Principal.
